SUMMARY

Frontend developer (**25 y.o.**) based in **Kyiv**, with both commercial and freelance experience building responsive websites and web apps using **React**, **JavaScript**, and **WordPress**.

Strong background in dynamic UIs, performance optimization, and 3rd-party API integration. Passionate about clean, scalable code and enhancing UX/UI with animations and interactivity.

Open to **full-time remote** opportunities.

PROJECTS I'M PROUD OF

ONCE Agency — Corporate Website

HTML5, SCSS, JavaScript, WordPress, ACF, Git, Figma

- Built a multilingual corporate website with custom post types, blog with dynamic filtering, and a flexible ACF-powered admin panel.
- Implemented smooth scroll-based animations and interactive components.
- Achieved 90–100 Google PageSpeed score on both mobile and desktop.

Afro Dance Tour — E-learning Platform

HTML5, CSS3, JavaScript, WordPress, PHP, Figma

- Developed a responsive platform for online dance courses with user dashboards and progress tracking.
- Integrated custom payment system, gated content, and a user-friendly admin panel for lesson management.
- Optimized for fast loading, smooth UX, and SEO-ready structure.

Vladyslav Dubin Portfolio — Personal Website

HTML5, SCSS, JavaScript, React, Redux

- Created a modern personal portfolio to showcase projects with a focus on animations and interactivity.
- Designed responsive layout with dynamic sections, smooth transitions, and clean UX/UI.
- Built with performance and clarity in mind to support job search and client acquisition.

WORK EXPERIENCE

Frontend Developer

Freelance & Contract | Projects for Bifrost Studio, ONCE Agency

May 2023 – Present

- Developed 20+ responsive websites and e-commerce stores from Figma layouts (Pixel Perfect)
- Built interactive UI components and animations using JavaScript, SCSS, React, and Next.js
- Customized WordPress (ACF, WooCommerce), integrated APIs and payment systems
- Optimized performance (90+ PageSpeed), SEO, and mobile responsiveness
- Delivered projects end-to-end: from requirements and layout to deployment and client training

Senior Sales Representative

Sovamax Trading GmbH

September 2019 - January 2024

- B2B communication and relationship building with major clients across Europe
- Closing wholesale deals and supporting key contracts at all stages
- Managed the sales funnel through CRM: from first contact to successful closing of the deal
- Optimized processes and trained the team to improve performance
